

Oil and Filter Change \$79.95 Synthetic \$99.95

- Drain and refill your vehicle's crankcase with Mercedes-Benz approved oil
- Install a new genuine Mercedes-Benz oil filter

Four-wheel Computerized Alignment \$149.95*
Regular alignments are recommended every year or approx 12,000 miles (or as needed)

- Prevent premature, uneven tire wear
- *price subject to addition work needed to properly align.

Tire Rotation \$39.95

Regular rotation of your vehicle's tires helps prevent uneven wear, improper handling, reduced fuel efficiency and shortened tire life. We recommend Tire Rotation every 5,000 to 6,500 miles, or at any sign of uneven wear.

- Rotate tires
- Check and correct tire pressure
- Inspect tire condition
- Inspect brake pads for wear
- Perform a road test

Tire Balancing including Rotation \$69.95*

Four wheel balance using Mercedes-Benz weights and clips to ensure proper balancing with no damage to wheels

*wheels weights may be additional

Brake Fluid Flush \$119.00

During the operation of a vehicle, the brake fluid's boiling point is continually reduced through the absorption of atmospheric moisture. This moisture content can lead to the formation of vapor under hard braking conditions, reducing the system's efficiency. Mercedes-Benz recommends replacing brake fluid every two years.

- Flush contaminated fluid from the brake system
- Clean the brake fluid reservoir
- Inspect the brake system for leaks
- Replenish the system with new Mercedes-Benz brake fluid

Cooling Systems Service \$119.00

Recommended at three-year intervals to ensure proper cooling during the summer months and a safe level of antifreeze protection during the winter months

- Pressure-test the coolant system
- Drain and flush the system (including engine block and heater core)
- Replenish the cooling system with Mercedes-Benz approved antifreeze for -25°F protection

•All cars are washed and vacuumed FREE of charge with any service.

**prices may vary depending on vehicle and are subject to change without notice.*

Motor Cars of Manchester

www.benzcars.com 603.669.6788

875 Gold Street Manchester, NH 03103

Model Years 98 and newer

Flexible Service System - A-Service

- Change your vehicle's engine oil and filter
- Replace the dust filter
- Ensure the warning and indicator lamps, horn, windshield/headlamp, wiper and washer systems, and seat belts are functioning correctly
- Inspect tires and check tire pressure (including spare)
- Inspect brake pad thickness and disc condition
- Check and correct all fluid levels
- Reset your vehicle's FSS counter

\$299.00*

Flexible Service System - B-Service

- Change your vehicle's engine oil and filter
- Replace the dust filter
- Replace windshield wiper inserts
- Rotate and Balance Tires (if applicable)
- Lubricate and inspect throttle linkage
- Ensure the parking brake, steering play, headlamps and exterior lamps, warning and indicator lamps, horn, windshield/headlamp wiper and washer systems, seat belts, and backrest lock (S-Class only) are functioning correctly
- Inspect brake pad thickness and disc condition
- Inspect front axle ball joints and Poly-V-belt
- Check and correct all fluid levels
- Check battery condition
- Reset your vehicle's FSS counter

\$449.00*

Additional for BlueTECHs-AdBlue up to \$140.00 at every service (please contact service advisor for more information)

Other Recommended Services On All Model Years Vary by Time and Mileage include but not limited to (refer to owner's manual):

■ Brake services (pads, rotors, etc.)	Starting \$169.95
■ Fuel Filter (refer to manual for recommendations)	Starting \$200.00
■ Spark Plugs (refer to manual for recommendations)	Starting \$250.00
■ Engine Air Filter	Starting \$59.95
■ Clean and Lubricate Sunroof Tracks	Starting \$79.95
■ Air Condition Service and Diagnostics	Starting \$375.00
■ OEM Batteries	Starting \$169.95
■ NH State Inspection	\$40.00

*prices may vary depending on vehicle and are subject to change without notice.

Model Years 97 and earlier

7,500-Mile Maintenance

Recommended at 7,500 mile intervals

- Change oil and filter
- Inspect brakes for wear
- Lubricate throttle linkage
- Check and correct fluid levels
- Inspect tires and check tire pressure
- Lubricate specific parts according to Mercedes-Benz guidelines

Gasoline: \$125.00*

Diesel: \$145.00*

V-12 models:
\$159.00*

15,000-Mile Maintenance

Recommended at 15,000-mile intervals

- All services included in Lubrication Service, plus:
- Inspect for leaks and assess the condition of all components, lines and hoses on the engine, transmission, axles, level control, and steering, fuel and brake systems
- Replace spark plugs (if necessary)
- Inspect and adjust drive belts
- Inspect air filter elements
- Remove wheels and rotate tires as necessary
- Inspect brake system and adjust parking brake
- Check all exterior and interior lamps and windshield washer systems
- Lubricate throttle shafts, door hinges and locks
- Replace windshield wiper insert(s)
- Clean cassette deck head
- Perform a road test

Most models:

4-Cyl:
\$360.00*

6-Cyl:
\$395.00*

8-Cyl:
\$425.00*

V-12:
\$495.00*

Diesel:
\$325.00*

30,000-Mile Maintenance

- All services included in the 15,000-Mile Maintenance Service, plus:

- Change automatic transmission fluid and filter
- Replace air filter
- Replace spark plugs
- Inspect propeller shaft flex coupling
- Inspect parking brake for free play
- Replace diesel pre and main fuel filters*
- Perform a road test

*Fuel filter replacement for gasoline engines is recommended at 60,000-mile intervals.

Most models:

4-Cyl:
\$615.00*

6-Cyl:
\$695.00*

8-Cyl:
\$725.00*
